RE: EARLY NOTIFICATION LETTER
POTENTIAL ERRORS AND OMISSIONS COST RECOVERY CLAIM
CONTRACT ID NUMBER: 0123456789

Dear Sir:

Project issues have been identified on the above referenced contract which requires immediate attention. The Georgia Department of Transportation has opened a potential cost-recovery file on this matter and respectfully requests your assistance to fully evaluate the following issue(s) and determine the appropriate course of action to continue contract administration:

(Brief description of the nature and scope of project design issues)

Issues of this nature impact project costs and construction contract time; please give them your immediate and full consideration. Compensation for on-site participation, and any other additional engineering services, may be billed as post-design services, unless the project issues are determined to be the result of a plan error or omission. Please track all additional services separately for potential compensation. Thank you for your prompt assistance and response by **Month day, YEAR**.

If additional information is needed, please contact **Project Manager** at **(XXX) XXX-XXXX**.

Sincerely,

Kimberly W. Nesbitt
State Program Delivery Engineer

BKH

Cc: State Construction Engineer
State Design Policy and Support Engineer
District Engineer
FHWA (if FOS project)
